Ronnie,

I hear you. My folks were anxious to come your way to help. Now with this diversion, we have to protect our own backyard. I want thank everyone on your staff for the support you folks provided the Region 2 people we have deployed in Houston and soon to Dallas. I know you all have been extremely busy but, you made these early deployments work. Hopefully Irma will miss us and we will be available to you again down-the-road. I wish you all well and be safe.

Never a dull moment,

Eric
